

Ms. Adrienne Chase has an extensive background in healthcare compliance and privacy. For nearly a decade, she has been dedicated to protecting patient and organization healthcare data and improving organizational culture at hospitals and clinics in the Midwest. Chase holds an Executive Juris Doctorate (EJD) degree specializing in Healthcare Law/Compliance. She holds current certifications in Healthcare Compliance and Healthcare Privacy through the Health Care Compliance Association (HCCA) and attended an FBI Compliance Officer Academy through the Society of Corporate Compliance and Ethics Association (SCCE). She also currently holds social work licenses in both Michigan and Wisconsin.

Chase helps ensure organizations adhere to procedures and laws, perform internal risk assessments and reviews, and support data protection on health information of employees and patients. Most recently, in October of 2020 she played an Incident Commander role in a facility that experienced a cyber-attack.
